

**The University of Economics, Prague**  
**The Department for the Administration of Facilities**  
**Order of the Director DAF VŠE in Prague No. 27/2020**

Ref. No.: VŠE/4959/7000/2020

Reg. No.: VŠE/7529/2020

**The rules for proving the RT-PCR test for the presence of SARS CoV-2 during accommodation at the dormitories of the University of Economics in Prague**

With effect from 03. 09. 20 in connection with the Protective Measure of the Ministry of Health from the day 24<sup>th</sup> of August 2020, I declare the following measures for the submission of the RT-PCR test for the presence of SARS CoV-2:

- 1) People arriving in the Czech Republic from third countries who are not on the list of countries with a low risk of COVID-19 and applying for accommodation on VŠE dormitories will prove a negative test for the presence of SARS CoV-2 from the country from which they travel to the Czech Republic. This test is not decisive for the provision of accommodation in VŠE dormitories. In the case of a positive test, they will not start the journey and the SÚZ VŠE will immediately notify this fact.
- 2) People staying at VŠE dormitories are obliged to have a health insurance contract concluded before arriving at the dormitory which also includes the care related to COVID-19. They are obliged to prove this fact during the accommodation.
- 3) People who came from abroad or lived abroad and:
  - a. show symptoms of an incipient infectious disease (especially fever, cough, dyspnoea, indigestion, olfactory loss, general weakness, or other symptoms),
  - b. have stayed for more than 12 hours in the last 14 days in the territory of countries not on the list of countries at low risk of COVID-19 (see Annex 2),
  - c. people from third countries who are not on the list of countries with a low risk of COVID-19 (see Annex 2) and all people from third countries who are temporarily or permanently resident in these countries

they are obliged to notify this fact in advance at the reception of the relevant dormitory. If they cannot stay elsewhere than at the dormitory, they will be placed in a quarantine room at the dormitories of the University of Economics in Prague or in other designated areas until proven by a negative RT-PCR test for SARS CoV-2 issued in the Czech Republic which will be provided without delay and at their own expense. These people are obliged to present the result of the RT-PCR test for the presence of SARS CoV-2 at the dormitory reception within 36 hours of placement in the quarantine room. Furthermore, all obligations arising from the Protective Measure of the Ministry of Health of 24 August 2020 apply to them (see: Annex No. 1).

- 4) People pursuant to point 1) of this order are prohibited from free movement on the territory of the entire Czech Republic and on dormitories in compliance with strict quarantine measures (drapes, distances, disinfection) with the exception of:
  - a) the way which is necessary for the procurement of basic necessities and the use of the necessary financial and postal services,
  - b) the way to medical facilities,
  - c) travel for urgent official matters.
  
- 5) In case of a positive result of the RT-PCR test for the presence of SARS CoV-2, these people will be placed in isolation at the University of Economics in Prague or in other designated areas, if they will not be able to spend isolation outside the VŠE dormitory. (See § 64 letter A) in conjunction with § 2 paragraphs 6 and 7 of Act No. 258/2000 Coll., On the Protection of Public Health and on the Amendment of Certain Related Acts, as amended.) They will be placed in isolation for 14 days. They can leave the insulation if after 10 days the insulation does not show min. 4 days any symptoms of the disease, see point 1) a. In this case, they are considered healthy.
  
- 6) In the event that a person placed in isolation develops the symptoms referred to in point 1) and (dyspnoea, fever, etc.) contacts the dormitory management, this will be notified by the 'Clinic of Infectious, Parasitic and Tropical Diseases of Bulovka Hospital' ( tel: 266 082 642) and arrange further action.
  
- 7) After submitting a negative test for the presence of SARS CoV-2 issued in the Czech Republic, applicants will be accommodated in allocated rooms according to a valid contract.
  
- 8) People arriving in the Czech Republic from third countries that are not on the list of low-risk countries COVID-19 will undergo a second RT-PCR test for the presence of SARS-CoV-2 at their own expense for 14 consecutive days. entry into the Czech Republic (see points I / 11, 12, 13 "Protective measures" of the Ministry of Health of 24. 08.2020).
